Addison Graves
Jeffner Fla.

Your letter of the 11th of Mar arrived
and read with interest:

I am sorry Victoria is not enjoying
good health. Let her know that I do not
wish her to feel or be grateful for any gift that
I made or will make in the future; as I feel it
my duty to do so, just as she done in the past
sacrificing her all for us and the neighbors sake.

I have been planning for a number
of years to locate in Fla, but for some reason
I have not done so, but I expect now soon to
leave Madison Ill. I am not familiar with
business investments in Fla I would like to place
10 to 15 thousand in Tampa or Lakeland in city
real estate as an investment if you or Bro Morgan
know of any thing it would be appreciated
Sincerely yours J. G. Seehold
