Message from "Victoria Gratia"

F. S. Sep 26th 1905 p5-1st col

"At a time when there are false Christs, and false Prophets, it is indispensable that there be a Scientific disclosure of the time, manner, and location of the true Messianic environment and manifestation."

When "Koresk" penned these lines, he was treating of the Conarium and the Glandula Vita of the Grand Man at this juncture in human affairs; namely the end of the Christian Age, and he has told us that

He "Koresk" was the Conarium ^{and} that "Victoria Gratia" " " Glandula Vita.

Very well then;

"Koresk" was our Messiah.

He passed from us, leaving his Messianic work half unperformed.

What then does he mean by the above words "location of the true Messianic ^{environment}"

(2)

We know that he is located somewhere in the living humanity.

His words indicate that there are false claimants to his location and he urges that his Science will disclose his true location.

What does he mean by the words "time and manner of his manifestation"

He can mean nothing other than that his Science discloses

1st Where he is now located.

2nd The time of his manifestation.

3 "Manner" " " " "

I essay to make this Scientific disclosure, which he says is indispensable, to be made. ~~which~~

Fog-Horns have been tooted, and Tom-Toms have been beaten, by "Self appointed teachers: particularly through the "Flaming Sword" and by Fake Messiah's carrying their wares, since the true Messiah's death.

(3)

F.S. Oct 17th 1905

"The Glandula Vita of the Grand Man, is the first to be established in the beginning of the Kingdom in the Earth."
also in F.S. Oct 10th 1905

"In the development then, of the Glandula Vita of the Grand Man there obtains in the physical form already manifest etc."

"Korish" defined himself, as the apex of the Conarium of the Grand Man, and declared "Victoria Gratia" to be the Glandula Vita of the same man. His function was to impregnate Hers " " gestate.

To quote F.S. Sep 26th 1905

"To define the Conarium ^{and in the} Glandula Vita of the Grand Man, constitutes an initial step towards the designation of the location of the Messianic Center, and environment of the present age, for the "Messianic"

(4)

"presence of the present time,
has to do specifically, with the Glandula
'Vita of the Macrocosmic Man."

Argument

I will state that "Korsh" in his
writings, overwhelmingly differentiates
between ^{the} ~~his~~ first part and second part
of his mission: between his work as
"Korsh" and as the "Lord Cyrus".

Therefore, as the second part of
the mission of the "Messenger of Conjunction"
was "to cleanse the Sanctuary, as to
life", to overcome death, and to

Theocracise, this being the work
of the "Lord Cyrus". The article quoted
declares that the Messenger is now
being gestated, within the Loran of
"Victoria Gratia": within her Will, or Mind
for he will be "born from her Mind"

When this is accomplished, the
"Lord Cyrus" will stand revealed.
If the settlement of this question by

(5)

The above, is the "initial step"
What would be the next step?
It is to apply (correspondentially) the
law of the circulation of the blood, in
the individual, to the Grand Man.

"Korsh" defined himself as
the "Embrued Deity".
the "Blood of the Covenant".

Therefore He (Korsh) as this blood,
circulated in the currents of the
Grand Man, until, at his death, he
reached the extremity of that circ-
-ulation, where begins the transformation
of that blood to flesh.

This is necessarily the transforma-
-tion of "The Ancient of Days" (which
"Korsh" says he was) to

"The Infancy of Deity" or
"The Lord Cyrus" which he ^{both} also
was ^{and} is to be.

The time has come for the establishment
of "God's Kingdom in Earth": God sends

his "Sign" ⁽⁶⁾ "who will prepare the way before him" "and the Lord whom ye seek, will suddenly come to his temple, even the "Messenger of conjunction" whom ye delight in Etc"

To come suddenly, is to come by Materialization, which is the mode of birth of the re-generates Man.

No birth can come, save from a ^{gestative} feminine organism, consequently we must look for him to be "born" from the brain of some woman.

"Korsh" declares that there is a "natural" woman, who has been in course of preparation throughout the Ages, to perform this very function.

Which woman was "Victoria Grata" We must look for the "Lord Pyrus" to be projected from her brain.

"Korsh" taught that we must look for the harvest, from the ^{same} field in which the seed was sown. The Lord

(7)

was sown, in the Wills of his Disciples. He can only be resurrected from the Will (Mind), that is by

Materialization

From the brain of the "Glandula Vita" of the Grand Man: whose function is to gestate and produce the body. And as specifically stated in the group of Articles on the Brain - Nos 20- to 28 inclusive in Sword for, 1905 "Victoria Gratia" the Glandula Vita of the aggregate ^{femininity} humanity is the location ^{central} and environment of the Messiah of this Age.

To take another line of Koreshan Science. He, "Korsh" was the positive pole of a Battery, which he states it was his mission to establish, and that "Victoria Gratia" was the negative pole of this battery: when either pole of a battery is broken down, by the elements of the battery, the alchemical reaction

(8)

is that the spirit is transited over its ^{own} common axis ^{and} deposited at the opposite pole. Thus "Korosh" in his dis-integration by death, must be re-deposited in "Victoria Gratia" the negative pole of this battery.

To state still another line or step, we quote "Deity, renews himself from age to age, by polation and terminal transformation" also that he the impregnative pole, flows completely through the begetting channel ^{into the gates provided, where issues the form of the Son.} and that thus the Father becomes the Son.

"Korosh" was the begetter, the Father, he begets ^{and} in begetting becomes the "Infancy of Deity" the Son.

"Korosh" declares that there is no transposition from a lower to a higher degree, save by "incarnation" in the Natural. "Korosh" was a mortal man ^{and} passed through death. The "Lord Cyrus" through re-generation and incarnation in a higher

(9)

degree, becomes the Immortal Man, capable of overcoming death and thus erasing: and thus completing his mission, of baptizing his following into the possibility of ^{commencing the process of} attaining imm-ortal life ^{and thus as a preparation} & establishing The Kingdom which is the only hope of the world.

Corollary.

All Koveshans, who would co-operate with the "Lord Cyrus" and who would not array themselves with the powers of Anti-Christ, must localize their thoughts and desires in "Victoria Gratia", as the only visible and tangible object of affection, through whom they must look for the "Lord" appearing.

"He who is not for me, is against me" you cannot be neutral.

If you are awaiting developments.

" " want to see which way the "Cat jumps"

" " expect to hike to the "Lord" after he appears. You are already arrayed

(10)

against him, and are now
alligned with Anti Christ.

Koroshan Science is valueless
if it does not enable its devotees
to properly align themselves at
this time.

The battle is between Christ & Anti Christ.
Each one is right now, judging themselves.

"Korosh" has put the means, (in his
Scriptures) into the hands of each of his
followers.

They are responsible for the issue.
My object is to aid my brethren in
seeing the light that shineth, and I
would strike off my right hand,
before I would warp or twist, or
distort from its true meaning one
word left us by our Master.

"Korosh" designated "Victoria Gratia" as
the Woman, who was to bring forth the
"Sons of God". "The Lord Cyrus" is, or will be
one of these Sons. It is said of him, "He

(11)

Recollection

"leads his brethren in the resurrection" that is he is born first - in advance of the others.

What folly ^{and} wickedness, to look for his birth from any other source; These vital truths, being clear to my mind - and according with my intuitions; I deem it my duty to put them before Korshans.

His location, and the manner of his manifestation, being established, there remains to be answered as to the time of his manifestation.

"Korsh" answers this question, as he has the other two.

"The 'Lord' will not come to his people, until that people ^{bring their love} ~~have brought~~ to a focus, their desire, in a visible ~~and tangible~~ pivot. The center of desire must rest with a visible and tangible object of affection, to whom obedience must be yielded"

My Dear Brother

Your sheet of instruction
as to treatment, and hygiene - came
with your letter of June 23rd two
or 3 days ago.

We thank you for both - and
feel sure we will be helped.

We do not have the complete
files of the Koreshan literature ^{and} we
have just had the Sword ^{borrowed} for 1905 - from
June to Dec - containing those articles on
the Brain Nos 20 to 28.

In these is treated exhaustively the
Glandula Vita - of the Grand Man -
throwing a flood of light upon the
present juncture - in its relation to

(2)

Victoria Gratia. ^{and} at her request
I have collated the salient points,
which you will find on the fore-
-going pages.

This matter you can incorpor-
-ate in your Circular letter, or
send it out separately as a message
from her. Perhaps it would be more
impressive ^{and} efficacious in reaching
the minds and hearts of the Lords
people, if sent as a follow up. to
your Circular letter.

Victoria appreciates, and is deep-
-ly grateful for your earnestness
and enthusiasm in the cause of truth.

In regard to your remark, as
to "James" I do not dare to permit
myself to indulge hopes or expectations.
I am, what I am. No man can take my
place ^{and} I can in no wise take that
of any other. I am content to serve
and wait the Lords good time to place me.

(3)

Our Master, when he was with us many times, placed me near Victoria, charging me to attend personally upon her. I sufficiently appreciated the superlative importance of her care and protection: as to freely and gladly determine to devote my life to that sole object, when I found certain persons and powers, viciously arrayed against her.

I cordially welcome your enlistment in the same cause.

Our objective, is to rally enough (up) to the help of the Lord, now only to be seen through her: as to secure his early appearing.

The most impressive ceremony ever inaugurated by Korok - in all the history of the Unity - was when he crowned her Empress. He in the most solemn and impressive manner, threw a cloth over a bush of himself = stepped back, and

(14)

placing his hand upon the head of "Victoria Gratiu" said. "There will come a time when, I will be veiled from your sight - save, as you will see me here - for I have found this, the place of my decent"

This was long, many years ago - and no one could then realize just how it would be.

He was then preparing his disciples for this time. ^{and} it is heart-breaking to think how unfaithful they have been.

But all things move in the lines of destiny. And we can only be true and honest in holding to our highest convictions of the truth: doing which we will each come out in our appointed place.

With great regard

I am fraternally yours

P.S. Did you receive my letters
reference to M. Donald - sent
days in advance of the 3rd.
