Proclamation

I. "Victoria Gratia"

"Pre-eminence of the Koreshan Unity
In both its Ecclesiastical & Secular ^{ments} departments"

By the grace of God, and
his Prophet "Korsh" who was
and is "The Lord Cyrus."

Having come into the consciousness
of his presence in me, and
urged by a present necessity
and future needs

Have this to announce

To all Koreshans; That I am
prepared to lead them.

Or as many of them, as are
ready to accept my leadership.

2

This being the only way to apply
the principle of Organic Unity.

I invite all so disposed to
address me, for the present,
at St Petersburg Fla
Route A - Box 276

Here, at present is located the
Material and Spiritual Heavens
of the "Koreskan Unity"

At Extero, the opposite pole, is
located the Material and Spiritual
Hells. There is Satan's central seat.
They having usurped and appropri-
ated the Lord's vineyard, driven
out the Lord's appointed head and
representatives: thus disclosing
their status and quality.

Since which time they have been
busily employed in falsifying

and vilifying his representative
the Lords doctrines, denying the
Lord himself, by looking for the
Lord Cyrus to appear from the
Tomb, in the future, in face
of the fact that "Korosh" declared
himself to be "The Lord Cyrus"
in all his literature through
many years.

Thus attesting and fulfilling in
themselves their function as the
dark pole of his Battery.

"Korosh" says in 7:5.

"Where the Messenger is, There is
The New Jerusalem."

The "Messenger" located himself
in "Victoria Gratia"

So in repudiating her, they
lost all claim to the Spirits

4
constituting the New Jerusalem
and as to Estero becoming the
location of the New Jerusalem
and future Capital of The
Worlds Empire; which,
~~Korogh has located elsewhere~~
Korogh has located elsewhere

The present necessity is that which
we need to concern ourselves
with at this juncture.

Future needs will be met
as they may arrive.

The present necessity is to provide
for the protection and maintenance
of the Central nucleus through the
storm of the impending, even present
Revolution.

The Old System, is even now
crashing around us.

The germ, ⁵ from which the
New will grow, must find
shelter and protection.

All Life, originates in its Cell

The vital nucleus is within
its enviroming shell, or Gone.

The new Social Empire must
be inaugurated in its incipient
beginings.

This is my Empire over my
Central Groups, and Thence
over the seven associatu Societies,
so soon as They attain organic
form and function.

This preceeds the appearance
and inauguration of the
Theocratic Kingdom.

My Central ⁶ groups "The Mystic Star"
is being emplaced. See F. S. July 8th 1893
quote in full

No one can become affiliated
with either the Center, or the
surrounding zone, without having
first ~~having~~ made application
for affiliation, and having
been accepted; when proper
instruction will be given.

In, ^{a reprint from July 8th 1893} F. S. New 1913. Koresok says

"The great leader and Shepherd
of this Age must be able.... to
denote the apostolic succession....
to define the character of that Apostleship
and to select the only few who shall
comprise the Mystic Star.... of the
coming Kingdom of righteousness."
Koresok designated Victoria Gratiu
as you all know as his apostolic
successor. All opposing claimants

are impostors and frauds.
A succession of such have
impo⁷⁻rtuned me during the
past twelve years: improving
my recognition.

I will welcome true, honest
disciples or followers.

I need no directors or leaders.
My Lord and Shepherd, Cyrus,
is my only leader and inward
monitor.

"We know no compromise
for the sake of gaining power"
see F. S. Mew 1913

Twelve years ago I refused the
compromise.

I elected to be faithful to
my Master and to stand for

8

the Truth and Right, as taught by him, as against falsity and error, as set up by a Cabal at Esters called the "Board of Directors" of the "K. U. Incorporated"

Mark you, a purely occasional business adjunct of the real Koroshan Unity - which in the course of its history instituted and discarded many such adjuncts or temporary expedients.

"Korosh" constituted the primary Koroshan Unity ^{in himself} ~~(one man)~~ and since his dominion ^{is} in me I am the only real Koroshan Unity.

Single handed and alone, with one faithful adherent I took up the

9-

Masters work, and for twelve years have battled on and up to this present writing.

Launching it upon the waters to be returned to me in its due season.

Signed "Victoria Gratia"

"It needs be that offences come, but woe be to those by whom they come"

All that has happened to Koreshaus since the passing in of The Lord Cyrus is in accordance with Law.

I became the positive pole of the Masters major Battery -

The "Board" at Estero became the negative pole.

From the minds of the whole
Korshian body: Entities began
to move toward and to be agr-
-igated in one or the other
of these two polar points.

The bodies (personalities) from
which these entities migrated,
remaining in a state of
comparative apathy.

"Luskeworn" whom God said
he would "spew out of his
mouth"

Every Korshian who wants to
have part in the Tree of Life
must decide now.

This is apparently the Lusk call.
Faith, professions, good wishes
are worthless unless accom-
-panied with their correspon-
-ding works.

Cyrus in his message to the
Churches: Calls upon Ephesus

11
" Not to return to the first
faith - but to do the words.

In what does this consist
why; just this.

Put loose from all earthly ties.
and give yourselves completely
to the service of the Lord.
He demands this from you, if
you expect to find your name
in the Lamb's Book of Life.
