The Universe an Eternal Integral, Organism  
The Universe as an Organism, produces its seed.  
The seed of the Universe, is the perfect Man <sup>or God.</sup>  
Jesus Christ was <sup>such a</sup> Man. He was God.

To re-produce, or perpetuate the Universe, this seed was planted in its appropriate soil.

That soil was the human mind.

The minds of such, as had by progressive evolution reached a quality; enabling them to comprehend him, recognize him, accept him, believe in him, desire him.

This desire was the magnetic force that drew Jesus into themselves, after his reduction to his Spiritual essence; at the same time, his spirit being conscious and intelligent, its desire, was the force that sent it into them.

This spirit, this seed, this mind, was composed of the intellectual entities, of all the progressive personalities of the preceding age, or dispensation.

This seed, through the natural process of germination <sup>and</sup> growth, gestation, or incubation,

at the end of its terms, eventuates, in its multiplied product, More perfect Man; The Arch Natural humanity; The Sons of God; The Gods. These are the fruits of the Tree of Life. The final product of all the activities of the Universe, which thus involving the elements of its own perpetuity, is Integral; Eternal.
